### ***FINDINGS AND DECISION***

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

2. 28 Texas Administrative Code §134.1, effective May 2, 2006, 31 *Texas Register* 3561, requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. This request for medical fee dispute resolution was received by the Division on February 5, 2008.
5. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the Claim Adjudication Process as to the Workers' Compensation Receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 Trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Burton & Hyde, PLLC, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.
6. By letter dated May 26, 2011, the attorney for the requestor provided *REQUESTOR'S AMENDED POSITION STATEMENT (RENAISSANCE HOSPITAL – DALLAS)* that specified, in pertinent parts, an "Additional Reimbursement Amount Owed" of \$70.81. The Division notes that the amount in dispute of \$329.90 specified above is the original amount in dispute as indicated in the requestor's *TABLE OF DISPUTED SERVICES* submitted prior to the *REQUESTOR'S AMENDED POSITION STATEMENT*.
7. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - W4–No addl reimbursement allowed after review of appeal/reconsideration. Reimbursement for your no additional monies are being paid at this time. Bill has been paid according to state fee guidelines or rules and regulations
  - W1–WC state fee sched. Adjust. Reimbursement according to the Texas Medical Fee Guidelines

## **Findings**

1. 28 Texas Administrative Code §133.307(c)(2)(G), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
  - The requestor's amended position statement asserts that "...the fair and reasonable reimbursement amount for this hospital outpatient admission should be commensurate with the average amount paid by all insurance carriers in the Texas workers' compensation system in the same year as this admission for those admissions involving the same Principal Diagnosis Code and Principal Procedure Code."
  - In support of the requested reimbursement methodology the requestor states that "Ordering additional reimbursement based on the average amount paid system-wide in Texas achieves effective medical cost control because it prevents overpayment... creates an expectation of fair reimbursement; and... encourages health care providers to continue to offer quality medical care to injured employees... Ordering additional reimbursement for at least the average amount paid for a hospital outpatient admission during the same year of service and involving the same Principal Diagnosis Code and Principal Procedure Code ensures that similar procedures provided in similar circumstances receive similar reimbursement... The average amount paid for similar admissions as put forward by the Requestor is based on a study of data maintained by the Division."

- The requestor submitted documentation to support the state-wide, annual, average reimbursement in Texas for the principal diagnosis code and principal procedure code of the disputed services during the year that the services were rendered.
- The requestor has explained and supported that the requested reimbursement methodology would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is supported. Thorough review of the submitted documentation finds that the requestor has discussed, demonstrated, and justified that the average amount paid by all insurance carriers in the Texas workers' compensation system in the same year as the disputed admission for those admissions involving the same principal diagnosis code and principal procedure code is a fair and reasonable rate of reimbursement for the services in dispute.

2. 28 Texas Administrative Code §133.307(d)(2)(A)(iv)(V), effective December 31, 2006, 31 *Texas Register* 10314, applicable to requests filed on or after January 15, 2007, requires the respondent to provide "documentation that discusses, demonstrates, and justifies that the amount the respondent paid is a fair and reasonable reimbursement in accordance with Labor Code §413.011 and §134.1 of this title if the dispute involves health care for which the Division has not established a MAR, as applicable." Review of the submitted documentation finds that:

- The respondent's position statement asserts that "Carrier paid per Texas Medical fee guidelines."
- The respondent did not discuss or explain how the amount paid represents a fair and reasonable reimbursement for the services in dispute.
- The respondent did not submit documentation to support that the amount paid is a fair and reasonable rate of reimbursement for the disputed services.
- The respondent did not submit nationally recognized published studies, published Division medical dispute decisions, or documentation of values assigned for services involving similar work and resource commitments to support that the amount paid is a fair and reasonable reimbursement for the services in dispute.
- The respondent did not explain how the amount paid satisfies the requirements of 28 Texas Administrative Code §134.1.

The respondent's position is not supported. Thorough review of the submitted documentation finds that the respondent has not demonstrated or justified that the amount paid is a fair and reasonable rate of reimbursement for the services in dispute. The Division concludes that the respondent has not met the requirements of 28 Texas Administrative Code §133.307(d)(2)(A)(iv)(V).

3. The Division finds that the documentation submitted in support of the fair and reasonable methodology proposed by the requestor based on the average amount paid by all insurance carriers in the same year for admissions involving the same principal diagnosis code and principal procedure code as the services in dispute is the best evidence in this dispute of an amount that will achieve a fair and reasonable reimbursement for the services in this dispute. Reimbursement will therefore be calculated as follows. Review of the medical bill finds that the principal diagnosis code for the disputed services is 682.8. The principal procedure code is 86.04. The requestor submitted documentation to support that the average, state-wide reimbursement for this diagnosis code and procedure code performed in 2007 was \$254.20. This amount less the amount previously paid by the respondent of \$183.39 leaves an amount due to the requestor of \$70.81. This amount is recommended.

## **Conclusion**

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the requestor has established that additional reimbursement is due. The Division concludes that the carrier's response was not submitted in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the respondent failed to support that the amount paid by the insurance carrier is a fair and reasonable reimbursement in accordance with Division rule at 28 Texas Administrative Code §134.1. As a result, the amount ordered is \$70.81.

## ***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031, the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$70.81 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
